SPOT TITLE: Verti-Go
DATE: 10/8/13

SFX

Music bed that speaks to farming, durability, and ruggedness.

AUDIO

ANNCR (MALE, RUGGED SOUNDING): Bring speed, strength, and durability to your farm with Verti-Go from EarthMaster Tillage.

This vertical tillage tool helps you break through surface compaction to get the most moisture, nutrients, and air to the seedbed area.

Plus, its SoilRazor disc blades can cut through tough BT stalks, and they become sharper the more you use them.

EarthMaster wants to help you master vertical tillage with Verti-Go!

DEALER TAG EXAMPLE (4-5 seconds): You can find EarthMaster's Verti-Go at Cross Brothers in Mount Pulaski!
